Hello

Sorry for the delay ... but as usual, coming back from a meeting is always very busy 😊

About the request: I can confirm my participation to the advisory board and I feel honored to be part of that!

About the biography and research interests: can you please give me a frame? How long should both be? Maybe you have a template or an example from an already existing member?

Once, I have that, I can provide the required files as soon as possible.

With best regards

Harald
